ADVICE OF ERRORS

Users of DAP are requested to notify the Instrument Flight Procedures section (IFP) of errors or omissions as soon as they become apparent. Advice of errors should show the source of information (e.g. personal observation), contact details for the person submitting the advice and include supporting documentation where possible. Errors or omissions may be annotated on copies of existing charts, scanned and emailed to docs.amend@airservicesaustralia.com Airservices Australia prefers notification of errors be submitted by web or email. If you are unable to utilise these methods, notifications can be received by Mail:
