PERTH AERODROME (YPPH) 2026 RUNWAY MAINTENANCE ARRANGEMENTS

1. INTRODUCTION

- 1.1 This AIC provides details on changes to Perth Aerodrome (YPPH) RWY 03/21 maintenance access arrangements and closures to take effect from **2 January 2026**.
- 1.2 Under existing arrangements trialled in 2025, YPPH has carried out runway maintenance on Monday and Friday mornings, with additional Saturday closures of RWY 03/21 on a pre-determined schedule when required. After reviewing the effectiveness of these arrangements, runway maintenance closures will be amended for 2026 to ensure ongoing maintenance requirements can take into consideration significant weather events.
- 1.3 Existing arrangements shall continue for the remainder of 2025 as per MOWP YPPH 01-25, which is available on Perth Airport's website: <https://www.perthairport.com.au/Home/corporate/work-with-us/operating-at-perth-airport/airside-works-at-perth-airport>
- 1.4 The MOWP YPPH 01-26 for the 2026 runway maintenance arrangements will be made available on the website in December 2025.

2. OVERVIEW

- 2.1 Under the new arrangements commencing on 2 January 2026, the following will be in place:
 - Monday and Friday closures of RWY 03/21 will reduce to Friday only, 0730-1130 AWST (2330-0330 UTC) excluding every third Friday. During these closures RWY 03/21 will be made available for departures if operationally required on 30 minutes prior notice.

- Closures of RWY 06/24 will continue to be carried out every third Friday between 0730-1530 AWST (2330-0730 UTC).
- 2.2 Operators that can advise of an operational requirement for RWY 03/21 during the Friday closures include **only**:
- Departures, where departing from RWY 06/24 would result in an impact to passenger loads, or
 - For freighter, military or heavy charter operations RWY 06/24 is insufficient in length.
- 2.3 **Advice of the operational requirement to use RWY 03/21 is to be made to ATC as early as practicable.** For advice with less than 30 minutes notice, Perth Aerodrome will make every effort to make the runway available earlier however operators should expect some delay.
- 2.4 A full closure of RWY 03/21 on the second Saturday of every month will occur to facilitate works exceeding 30 minutes to re-instate. The closures will be between 0830-1630 AWST (0030-0830 UTC) with the option to schedule an additional Saturday full closure.
- 2.5 The additional Saturday full closures of RWY 03/21 would only be performed if required based on the following arrangements:
- Notice to industry by NOTAM, confirmed not less than 14 days in advance; and
 - Closure of up to 8 hours 0830-1630 AWST (0030-0830 UTC), less if maintenance does not require the full 8 hours
- 2.6 RWY 03/21 **will NOT** be available during Saturday closures.
- 2.7 Under the new arrangements for closures of RWY 03/21 from 2 January 2026, the status of the ILS shall be determined based on the day of the week and works requirements. These arrangements include:
- During Friday closures, the default status for the ILS will be OFF to facilitate access to the Vehicle Critical Areas (VCA) and prioritise activity requiring entry to those areas.
 - During Saturday closures, the default status for the ILS will be ON. The ILS for RWY 03 and RWY 21 may be turned off subject to the works areas and activities undertaken and be carried out in coordination with Airservices Australia.

- 2.8 The ILS for RWY 24 will be turned OFF during RWY 06/24 closures, unless by other arrangement.
- 2.9 Provision for closed runways to be made available in the event of an emergency will be maintained, with the time required subject to the works activities undertaken. This provision also applies for RWY 03/21 during Saturday closures.
- 2.10 No planned maintenance works will be undertaken on Western Australian Public Holidays or during Christmas break commencing 25 December 2026.
- 2.11 For the full list of 2026 runway closure dates, please refer Appendix 1. The timing of works and status of either runway shall be as advised by NOTAM.
- 2.12 These arrangements will remain in place until operations on Perth's new runway (the parallel runway) commence, with review yearly or as required.

3. TECHNICAL QUESTIONS AND ADVICE

- 3.1 For additional information or clarification of information contained within this AIC please contact Perth Airport Pty Ltd:

Airside Works Team

Email: airsideworks@perthairport.com.au

4. CANCELLATION

- 4.1 This AIC will remain active to inform industry of the arrangements and for reference to the attached programme.

5. DISTRIBUTION

- 5.1 Airservices Australia website only.
