TRIAL OF SHORT-TERM VOICE ACTIVATED EXTENSION OF CERTAIN CONTROL ZONES

1. INTRODUCTION

- 1.1 This SUP provides notification to industry of the commencement of a trial to allow short-term extensions of designated Class C Control Zones (CTR) without NOTAM advice. *CASA OAR 024/21* (as amended) refers.

2. DURATION

- 2.1 This trial procedure will be available until 16 June 2022.

3. PROCEDURE – DELAYED DEACTIVATION

- 3.1 Under this procedure, CTR activation times may be extended for a maximum of 15 minutes from the end of the scheduled activation period without NOTAM advice:
- a) to allow for the arrival of RAAF aircraft;
 - b) for a period of not more than 15 minutes after the end of the scheduled activation period; and
 - c) provided a broadcast advising of the extension is made on the:
 - i) relevant CTR frequency; and
 - ii) appropriate area frequencies.

Note: RAAF aircraft means any Australian Defence Force (ADF) aircraft, including an aircraft operated by, or for any part of, the ADF under a contract with any part of the ADF.

3.2 Designated CTR

3.2.1 The application of voice extensions is permitted for the following designated CTR:

- | | | |
|----|-------------|-------------|
| a) | Amberley | SFC - 8500 |
| b) | East Sale | SFC – 3000 |
| c) | Edinburgh | SFC – 1500 |
| d) | Oakey | SFC – 8500 |
| e) | Williamtown | SFC – 5000 |
| f) | Tindal | SFC – 10000 |
