

16 JUN 2022

**NOTES:**

The Noise abatement Areas do not apply to:

- Aircraft with priorities in accordance with AIP ENR 1.4. (aircraft emergencies, medical priorities etc).
- Aircraft that need to enter the Noise Abatement Area to avoid hazardous weather;
- Aircraft that need to enter the Noise Abatement Area due to operational requirements;
- TWR circuit training aircraft;
- Aircraft that have made an unplanned missed approach and are reprocessed via a circuit;
- Aircraft that require a departure on the reciprocal of the duty arrival runway, if avoiding the Noise Abatement Area would cause significant delay to aircraft operations.
