

## LIST OF CHARTS

The following list details the departure and approach procedure charts prepared for all locations that are authorised.

**NEW** charts will be indicated with a change bar and a symbol +.

**REVISED** charts will be indicated with a symbol +. A change bar will be included where there is a change to an existing chart name.

**DELETED** charts will be indicated by a change bar and the letter **D**.

Procedure charts are printed on the front and back of each page. Where there is no procedure on the back of a page, a **NOTES** page will be used. Only those charts promulgating changes will have their effective date altered. Any backing chart with no changes will retain its previous effective date, even though the chart has been reprinted.

E.g. Albany Aerodrome Chart has changes incorporated but the backing page, NDB-Y RWY 14 Chart, is unchanged. Using this example, the checklist will read:
