## NOISE ABATEMENT PROCEDURES

1. Three facilities, located under the extended centreline of RWY 04/22 to the NE of the Kempsey Airport, are noise sensitive areas. These are the Aldavilla Primary School, the Greenhill School, and the Booroongen Djugun Aged Care Facility.
2. When landing on RWY 22, pilots should use the minimum power necessary on approach to minimise noise over noise sensitive areas.
3. Where practicable, pilots should use the full RWY length for take off.
4. Pilots should, where safe, practicable and consistent with expected training outcomes, maintain RWY heading after take off until reaching a height of 1,000FT above aerodrome elevation before making a turn into the circuit.
5. Simulated engine failure practice should not be conducted over noise sensitive areas.
6. Engine ground running, such as during pre-take off checks, may be conducted at any time, but should be kept to the minimum time operationally necessary.
7. Pilots of transponder-equipped aircraft should ensure that, at all times, the transponder is selected to ON/ALT (Mode C).
8. Users of Kempsey Airport should refer to the Kempsey Airport Fly Neighbourly Agreement (FNA) which may be downloaded from the Kempsey Shire Council website at: <http://bit.ly/ksc-fna-dec-19>.
9. Circuit training, as part of flight training school operations by local and visiting operators, is permitted only between the following hours:
