Train The Trainer – Mobile TOBT Application

April 2025

EXPORT CONTROL STATEMENT:

WARNING – This technology or software is controlled for export by the U.S. Department of Commerce pursuant to the Export Administration Regulations (EAR) (15 CFR Parts 730-774). Exports or other releases must comply with these regulations. Violation is subject to severe penalties.

COMPANY RESTRICTED | NOT EXPORT CONTROLLED | NOT CLASSIFIED

Overview

- A progressive web app (PWA)
 - Can be run from any browser on your laptop or mobile device
 - On a mobile device, the icon can be saved to the device to look like other apps
- Designed for airlines or ground handlers to update TOBTs without going into the A-CDM Workspace
- Airlines / ground handlers are only able to see and update flights for which they have responsibility / permission
- Times within the app can be selectable to be in UTC or Airport Local Time
- SSO logins use the Identity Provider login section outlined in red.

URL:

- Shadow: <u>https://bneshadow.aerobahn.com/tobt/</u>
- Production: <u>https://bne.aerobahn.com/tobt/</u>
- Note: URL will be similar for each airport

Step 3

- 1. Select the required flight by clicking on the flight
- 2. Change the time (hours / mins) (must be 5 mins in advance of current TOBT).
- 3. Click Update
- 4. The new TOBT will display in the mobile appl and in the portal
- 5. To see the new TSAT, refresh the mobile app

NOTE: The new TOBT has no brackets meaning it is now a manual time and will now not change automatically. Any further changes must be made manually.

Time Settings in TOBT Application

Time can be shown in local airport or UTC time in the TOBT Application

7

Changing Time Setting

To change the system time setting (user or Service Desk)

- Go to User Settings > Display Times in Airport Local Time Zone
- 2. Check the box
- 3. Click Apply
- 4. Re-log in for this to take effect

The new time setting will be visible in the TOBT Application and portal.
